Level II Reading and Writing Journal

Second Edition

This belongs to:

Dear Educators and Parents:

This writing journal is intended to meet the needs of students at many different reading and writing levels. Yes, it's quite challenging; however, it will help all children learn to write creatively in their own way.

When they use this journal in conjunction with our website, **www.starfall.com**, most emergent readers should be able to read the page titles. We suggest that you read the instructions to your students and encourage them to write whatever they want.

Our goal as educators is to help our "budding writers" develop a love for reading and writing and to instill confidence. The more a child writes, the better the child will read.
